

## MICRO-CONTROLLER DIP-SWITCH SETTING

This wide range of programs allows the tank washer to cope with almost any condition, including poor water supply, difficult-to-remove residues, and large or small tanks. The correct program should be selected by the installation engineer when first commissioning the unit. Special programs can be written and supplied if requested.

In the layouts below, the black rectangle represents the switch dolly

### WALL MOUNTED TANK WASHER PROGRAMS

MODELS WM600 and WM1000 (COLD WASH)

#### 4B - ECONOMY WASH 1 PRE RINSE 1 WASH 3 AFTER-RINSES

- 20 second rinse
- 20 second wash
- 10 minute dwell
- 20 second rinse
- 20 second rinse
- 20 second rinse (with hypo if fitted)

#### 5B - SUPER WASH 1 PRE RINSE 2 WASHES 4 AFTER-RINSES

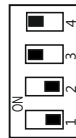

- 20 second rinse
- 20 second rinse
- 5 minute dwell
- 20 second wash
- 5 minute dwell
- 20 second rinse
- 20 second rinse
- 20 second rinse
- 20 second rinse (with hypo if fitted)
- 20 second rinse (with hypo if fitted)
- 20 second rinse (with hypo if fitted)
- 20 second rinse (with hypo if fitted)

### STANDARD MODELS WM600HW and WM1000HW INCORPORATING HEATER (HOT WASH)

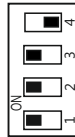

#### 4A - ECONOMY WASH 1 PRE RINSE 1 COLD WASH WASH 1 HOT WASH 3 AFTER-RINSES

- 20 second rinse
- 20 second cold wash
- Heat to preset temp
- 20 second hot wash
- 8 minute dwell
- 20 second rinse
- 20 second rinse
- 20 second rinse (with hypo if fitted)

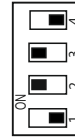

#### 5A - STANDARD WASH 1 PRE RINSE 1 COLD WASH 2 HOT WASHES 4 AFTER-RINSES.

- 20 second rinse
- 20 second cold wash
- Heat to preset temp
- 20 seconds wash
- Heat to preset temp
- 20 second wash
- 8 minute dwell
- 20 second wash
- 20 second rinse
- 20 second rinse
- 20 second rinse (with hypo if fitted)

#### 6A - SUPER WASH 1 PRE RINSE 1 COLD WASH WASH 3 HOT WASHES 4 AFTER-RINSES

- 20 second rinse
- 20 second cold wash
- Heat to preset temp
- 20 second wash
- Heat to preset temp
- 20 second wash
- Heat to preset temp
- 20 second hot wash
- 8 minute dwell
- 20 second rinse
- 20 second rinse
- 20 second rinse

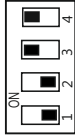

## FLOOR STANDING WASHER - DIP-SWITCH SETTINGS

This wide range of programs allows the tank washer to cope with almost any condition, including poor water supply, difficult-to-remove residues, and large or small tanks. The correct program should be selected by the installation engineer when first commissioning the unit. Special programs can be written and supplied if requested.

The controller is completely self-contained, and does not rely on any external input to complete its cycle.

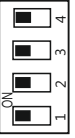

#### 4. ECONOMY WASH 1 PRE RINSE 1 WASH 3 AFTER RINSES

- 30 second rinse
- 1 minute dwell
- 30 second wash
- 10 minute dwell
- 30 second rinse
- 1 minute dwell
- 30 second rinse
- 1 minute dwell
- 30sec rinse
- inc hypo if fitted

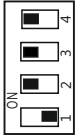

#### 1 - STANDARD WASH 1 PRE RINSE 1 WASH 2 AFTER RINSES

- 30 second rinse
- 45 second wash
- 15 minute dwell
- 45 second rinse
- 1 minute dwell
- 30 second rinse
- (with hypo if fitted)

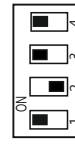

#### 2 - STANDARD WASH WITH EXTENDED DWELL 1 PRE RINSE 1 WASH 2 AFTER RINSES

- allows for poor water supply refilling the water tank.
- 30 second rinse
- 45 second wash
- 29 minute dwell
- 45 second rinse
- 3 minute dwell
- 30 second rinse
- (with hypo if fitted)

#### 3-Engineer's TEST PROGRAM 1 PRE RINSE 1 WASH 1 AFTER RINSE

- 1 AFTER RINSE with hypo without a long delay.
- 15 second rinse
- 15 second wash
- 45 second dwell
- 15 second rinse
- 15 sec rinse
- (inc hypo if fitted)

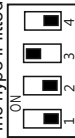

#### 7- WASH WITH ADDITIONAL & EXTENDED DWELL 1 PRE RINSE 1 WASH 2 AFTER RINSES

- for delivery pipework of 1" dia (or 3 Sprayheads)
- 30 second rinse
- 1 minute dwell
- 45 second wash
- 13 minute dwell
- 45 second rinse
- 1 minute dwell
- 30 sec rinse
- inc hypo if fitted

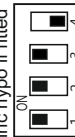

#### 8 - WASH WITH ADDITIONAL & EXTENDED DWELL 1 PRE RINSE 1 WASH 2 AFTER RINSES

- Similar to program 7 but to allow for poor water supply
- 30 second rinse
- 3 minute dwell
- 45 second wash
- 22 minute dwell
- 45 second rinse
- 3 minute dwell
- 30 sec rinse
- inc hypo if fitted

#### 6- SUPER WASH Extra prog 1 PRE RINSE 3 WASHES 4 AFTER RINSES

- To allow additional pulse washing and extra rinsing
- 30 second rinse
- 1 minute dwell
- 30 second wash
- 5 minute dwell
- 30 second wash
- 5 minute dwell....

#### 5 - SUPER WASH 1 PRE RINSE 2 WASHES 3 AFTER RINSES

- To allow "pulse" washing for improved cleaning.
- 30 second rinse
- 1 minute dwell
- 30 second wash
- 5 minute-dwell
- 30 second wash
- 5 minute dwell
- 30 second rinse
- 1 minute dwell
- 30 second rinse
- 1 minute dwell
- 30 sec rinse
- inc hypo if fitted
